## Climatic Graph - Tropical Rainforest

Month

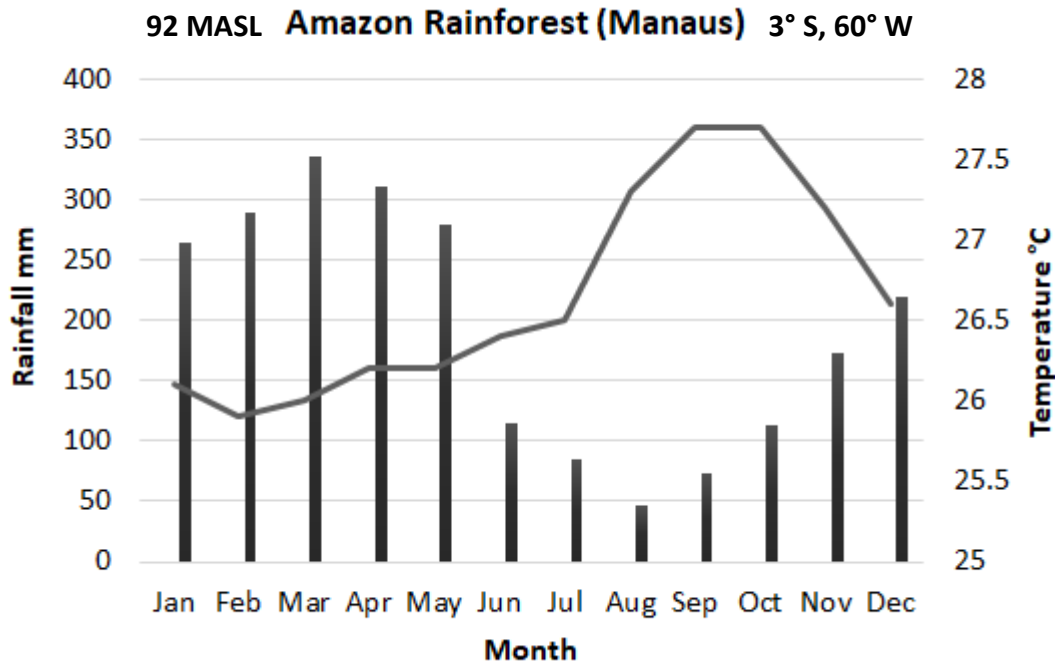

Temperature °C

Rainfall mm

Month	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Temperature °C	26.1	25.9	26	26.2	26.2	26.4	26.5	27.3	27.7	27.7	27.2	26.6
Rainfall mm	264.2	289.5	335.4	311.2	279.2	115.4	85.4	47.3	73.7	112.6	173.8	219.6

Millimetres

Degrees Celsius

1. To what location (city) in South America does the climatic graph refer? M \_\_\_\_\_

2. What is the latitude and longitude of this location? \_\_\_\_\_ °S \_\_\_\_\_ °W

3. How many metres above sea level is this location? \_\_\_\_\_ MASL

4. Is this location (Manaus) in the Northern or Southern Hemisphere? \_\_\_\_\_

5. To what aspect of climate does the line graph refer? T \_\_\_\_\_ °C

6. To what aspect of climate does the column graph refer? P \_\_\_\_\_ mm

7. Which month has the highest precipitation? \_\_\_\_\_

8. How much precipitation is received by Manaus in March? \_\_\_\_\_ mm

9. Is the total annual precipitation, 2307.3mm or 207.3mm? \_\_\_\_\_ mm

10. What is the average precipitation each month in Manaus? \_\_\_\_\_ mm

11. Which 5 months might be regarded as a 'wet season'? \_\_\_\_\_

12. Looking at the table, which two months have the highest monthly temperatures? \_\_\_\_\_

13. What is the lowest monthly temperature? \_\_\_\_\_ °C

14. What is the temperature range - difference between highest and lowest monthly temp.? \_\_\_\_\_ °C

15. What one word describes the type of climate experienced at this location? T \_\_\_\_\_
